TEDIOUS DAY
ON THE STAND

Is Spent By Vice President A. L. Ferguson in Case of Eshelby vs. Burley Tobacco Society.

Cincinnati, O., Jan. 8.—Vice President A. L. Ferguson spent a tedious day on the witness stand Monday in the E. O. Eshelby vs. the Burley Tobacco Society case before Judge Hollister in the Federal Court. Judge Hollister ruled against the question asked by Col. John R. Allen as to the condition of the marketing and growing of tobacco in Kentucky prior to the organization of the Burley Society, but Colonel Allen got at a good deal of what he wanted to prove in another way.

The court also ruled against the society's effort to show the cost of tobacco as figured from the standpoint of the grower, but upon the contention of attorneys of the defense, who went elaborately into explanation of the difference in the value of the tobacco bought from the Burley Society by the independents, which had been redried, rehandled and otherwise cared for, a discussion was allowed among counsel which lasted until the hour of adjournment, 4:30 o'clock.

The case will be resumed Tuesday with increasing interest and it is believed the Burley Society attorneys will be able to circumvent the many objections made by the attorneys of the plaintiff.

A feature of the afternoon's session Monday was the highly interesting tilt between Judge Alex. P. Humphrey, of the Burley side, and Mr. Lawrence Maxwell, the able corporation lawyer representing Mr. Eshelby. Colonel Allen, Mr. Pendleton and Mr. Colston also added to the colloquy at times and the plaintiffs representatives had their hands full meeting the excellent point of law so well made by the attorneys from Kentucky.

WOODMEN TO MEET

At the court house Tuesday evening at 7 o'clock Mr. J. H. Brewer, State Manager of the Woodmen of the World, will speak and all Woodmen will be present to hear this well known fraternal worker. After the speech, Vermilion & Long, the caterers, will serve a lunch to the members and their wives, the latter having been invited as guests of the lodge.

TWO DEATHS
FROM THE COLD

Reported in Louisville.—Many Fires Originate From Overheated Stoves or Furnaces.

Louisville, Ky., Jan. 9.—Louisville is experiencing the coldest weather in thirteen years, thermometers registering 8 degrees below zero Sunday morning. Sunday marked the first time the mercury has dropped below zero in seven years.

L. E. Brown, 62 years old, was found frozen to death in a coal shed Sunday. Death was due to exposure according to the coroner. Two other deaths are traced indirectly to the bitter cold.

During the day twenty fires were reported from Louisville homes and one in a negro church, the latter being destroyed with a \$35,000 loss. Practically all of the fires had their origin in overheated stoves or furnaces.

GAS FROM HIS
AUTOMOBILE

Overcomes Louisville Man, And He Has Two Narrow Escapes On The Same Day.

Louisville, Ky., Jan. 9.—Overcome by gas escaping from the engine of his automobile, Charles Pierson, a city salesman, had a narrow escape from death at his home here Sunday. The fact that he realized he was growing weak from the effects of the gas just in time probably saved his life. Succeeding in opening the door of his garage, Pierson made several attempts to reach the kitchen of his house but finally fell unconscious in the snow in the back yard.

Once more he escaped death, this time by freezing, when a neighbor feeding chickens in her yard, happened to notice him lying on the ground and notified members of his family.

Monday night Pierson was reported as being seriously ill as a result of his experience.

FIRST GUN IN
BATTLE WITH LOBBY

Is Fired by Representative Sidney G. Clay, of Paris, Who Introduced Resolution Monday.

Frankfort, Ky., Jan. 9.—Representative Sidney G. Clay, of Paris, fired the first gun in the battle with the lobby at this session of the Legislature when he introduced a resolution to exclude from the floor of the House all persons but members.

During the last session the members of the House were disgusted more than once by the lobby at work on the floor of the House urging members to vote for bills in which there was an "interest," even when the roll was being called.

The resolution, which was referred to the Rules Committee, is certain to pass.

A similar resolution will be introduced in the Senate, probably by Senator Thomas.

COL. ROOSEVELT
IS THE MAN

According to Opinion of Governor of Kansas, in a Statement Issued Saturday Night.

Topeka, Kan., Jan. 3.—"I am in favor of the nomination and election of Theodore Roosevelt for President," Governor W. R. Stubbs, progressive Republican, says in a statement issued here late Saturday.

"First," Governor Stubbs continued, "because the imperative need of our country for the next four years is a President who believes in his heart in the policies advocated by Lincoln and who has the courage of his convictions."

"Second, because Colonel Roosevelt more than any other man, is responsible for the nation-wide forward movement in the direction of a government administered honestly and vigorously, without fear or favor, for rich, poor, high, low, black and white."

"Colonel Roosevelt is not only the logical candidate for President at this time, but he is the only one who is sure to win. He can carry the New England states, New York, Pennsylvania and Ohio, and his majority throughout the Middle West and Pacific states would be overwhelming. He would not only carry the full Republican vote in Kansas if nominated, but he would receive a large share of progressive Democrat votes."

"Personally I am very fond of Senator La Follette and regard him as a great constructionist statesman, but I have not encouraged any general movement for him in Kansas. I am fully convinced that Colonel Roosevelt is the only man who can be depended upon to win and thereby save the country from four years of uncertain political experiments which may involve the wreck and ruin of those great national policies associated with his name."

"To remove Senator La Follette at this time from the progressive leadership of the Senate would be to take a great factor for good out of that body and weaken the common cause in a vital place."

UNAWARE
OF SUICIDE

Of Her Husband, Wife Makes Journey to See Him.—Authorities Notified to Keep Her in Ignorance.

Pinebluff, Ky., Jan. 9.—Unaware that her husband had killed himself, Mrs. James P. Chandler went to her home near here to see him, and then went back to her father's home in Asheville, N. C., still not knowing of his suicide, her family having telegraphed to the authorities here to keep her in ignorance of his act.

It was partly worry over her health which drove her husband to kill himself, but almost in the same hour in which he shot himself she was discharged from a sanitarium as cured of the tuberculosis with which she had been affected.

Worried over his wife's health and the threatened loss of sight of his youngest child, Chandler shot himself in the head.

ROY GOLDEN ILL

Cincinnati, O., Jan. 9.—Roy Golden, the big right-hand Cardinal pitcher, is threatened with appendicitis. He has been laid up for several days at his home in Milford under a doctor's care. Until this attack struck him, he had been in the best of health, and he hopes to weather it successfully and to be in shape for the opening of the season.

IS IT A TOWN OR A DISEASE?

The following is taken from the Cincinnati Enquirer. We wonder if it is a typographical error.

Louisville, Ky., January 7.—Augustus Pugh, 75 years old, pioneer distiller, died to-night at the residence of his daughter, Mrs. A. T. Crawford. Death was due to Paris, Ky.

VICTIMS OF
ESCAPING GAS

Young Teamster, Aged Man And Patient in Hospital Are Dead From Inhalation of Fumes.

Toledo, O., Jan. 9.—Three lives have been claimed by escaping gas here within 48 hours. R. G. Sheldon, a teamster, 32 years old, was found dead in bed at his home early Sunday. A partly opened gas jet had allowed the room to fill with gas.

Edward Geroux, 74 years of age, was found dead sitting before a grate in his room. An open gas jet above his head had allowed the room to become filled with gas. He had been dead for more than six hours, Coroner Hensler says.

Louis Dibmo, 22 years old, died Sunday morning at one of the hospitals from gas poisoning as a result of becoming unconscious from gas fumes in his room on Friday night.

"APPEAL TO
THE PEOPLE"

Threatened by William J. Bryan.—Lie Is Given to Congressman Mitchell Palmer.

Washington, Jan. 9.—The lie was passed in the Democratic National Committee late Monday and William Jennings Bryan made a threat to "appeal to the people" if overridden by the committee in his fight to unseat Col. James M. Guffey, the National Committeeman from Pennsylvania.

This threat coming immediately after the Bryan-La Follette conference Sunday renewed gossip as to the possibility of the third party.

Col. Guffey hurled the charge of har at Congressman A. Mitchell Palmer, who is contesting this seat. The latter replied that he had spoken the truth and that only Guffey's age prevented him from making a personal matter of the affair.

LOSES FIGHT

Washington, Jan. 9.—William Jennings Bryan made his fight in the Democratic National Committee Monday and lost. He made Col. James M. Guffey, member of the committee from Pennsylvania, the issue and the committee declined to unseat Colonel Guffey by a vote of 30 to 18. Mr. Bryan at once appealed from the decision of Chairman Mack and was defeated 33 to 13.

R. E. L. Mountcastle, of Tennessee, was declared entitled to his seat with only one dissenting vote. His place on the committee had been contested by John J. Vertrees, who was chief counsel for former Secretary Ballinger in the Ballinger-Pinchot investigation. He represented the Patterson organization in his state.

MR. J. R. MARTIN HURT

Mr. J. R. Martin fell in front of Mr. Woolcott's house of South Main street Saturday night and severely sprained his ankle.

It is thought that probably a small bone is fractured. Mr. Martin is not able to be out, and it will possibly be several days until he is sufficiently recovered.

STRIKE TIES
UP CONGRESS

House Committee Stenographers Refuse to Work Because Their Compensation Has Been Reduced.

Washington, Jan. 9.—For the first time in the history of the government a labor strike held up the machinery of Congressional legislation Monday. The House Committee stenographers refused to work because the Accounts Committee reduced their compensation from 25 to 15 cents a folio.

The sugar trust investigating committee had to adjourn until Tuesday. The stenographers "out" are extras employed to help the regular salaried committee reporters. The reduction of pay would save about \$5,000. Chairman Lloyd, of the Accounts Committee, said that if the regular reporters interfered they would be dismissed.

Miss Elizabeth Robb, of Nicholasville, left Tuesday morning, after a visit to Miss Catherine Robb.

Miss Florence Ray Evans has returned to Hamilton College from a visit to her parents here.

AGED COUPLE FOUND DEAD

Bodies Horribly Mutilated, Are Dis-
covered by Son Who Was On
Weekly Visit to Parents.

New York, Jan. 9.—Isaac Futter-
man, 80 years old, and his wife Ra-
chel were found dead in their rooms
on the East Side Sunday, their bod-
ies terribly mutilated.

The aged couple had been tortured
to death, and the police believe that
they were the victims of a religious
maniac.

Futterman was a retired manu-
facturer, who had accumulated a
small fortune, but always had re-
fused to leave the East Side neigh-
borhood, where he settled when he
came from Russia many years ago.
He was a zealous church worker, and
aided in founding the synagogue in
the district, which he and his wife
attended.

The couple lived alone. Their three
children dwelt in other parts of the
city. One of these, Aaron Futter-
man, superintendent of a brass fac-
tory, discovered the bodies on his
weekly visit to his parents.

The father's body lay on a sofa
and the mother's on a bed. Each
was only partially dressed. There
were deep gashes across both faces
and bodies, and the eyes of both
were terribly mutilated, one of the
man's having been torn from its
socket. The man's abdomen was
terribly slashed, and there were
cuts running lengthwise from head
to foot.

Germs Spread in Skin

Eczema, Psoriasis and other skin
troubles are caused by myriads of
germs at work in the skin. Unless
these germs are promptly destroyed
they rapidly multiply, growing their

This is what causes that awful itch,
and what seemed a mere rash
may grow worse and develop into a
loathsome and torturing skin disease
with its years of misery.
Don't take any chances! Destroy the
germs at the beginning of the trouble
with that soothing and cleansing wash,
the D. D. D. Prescription for Eczema.

EIGHTY MILES ON MULE'S BACK

M. C. Gatewood, of Lexington, Trav-
els in Effort to Trail Criminal With
Bloodhounds.

Lexington, Ky., Jan. 9.—After
having ridden a mule eighty miles
across the mountains with the ther-
mometer hovering near the zero line,
and also, with a bloodhound strapped
behind him on the mule, M. C. Gate-
wood, of Lexington, returned Sun-
day from Plank, a small town twelve
miles from Manchester, Clay county,
where he went several days ago with
Capt. V. G. Mullikin's bloodhounds
to trail incendiaries who had burned
five buildings in Plank and a barn on
a nearby farm. He reported that
the dog carried the trail to the road-
side where it was found that a mule
had been hitched and from which
place a man had been seen riding
about the time of the fire, and it was
therefore believed that the incen-
diary had thus made his escape.

Mr. Gatewood said that this trip
was one of the most severe he ever
undertook, and that he suffered con-
siderably during the long rides
across the mountains, it requiring
seven hours to make the trip on
mule-back going and eight hours
coming back, the distance being for-
ty miles from London, Laurel coun-
ty, where Mr. Gatewood got off the
train.

STOMACH DISTRESS AND DYSPEPSIA GO

Hearburn, Gas and Indigestion Go
Five Minutes After Taking Pape's
Diapiesin

As there is often some one in
your family who suffers an attack of
indigestion or some form of Stomach
trouble, why don't you keep some
Diapiesin in the house handy?

This harmless blessing will digest
anything you can eat without the
slightest discomfort, and overcome
a sour, gassy Stomach in five minutes
after.

Tell your pharmacist to let you
read the formula, plainly printed on
these 50-cent cases of Pape's Dia-
piesin, then you will readily see why
it makes Indigestion, Sour Stomach,
Hearburn and other distress go in
five minutes and relieves at once such
miseries as Belching of Gas, Eructa-
tions of sour undigested food, Nausea,
Headaches, Dizziness, Constipation
and other Stomach disorders.

Some folks have tried so long to
find relief from Indigestion and Dy-
spepsia or an out-of-order stomach
with the common, every-day cures
advertised that they have about made
up their minds that they have some-
thing else wrong, or believe theirs is
a case of Nervousness, Gastritis, Cat-
arrh of the Stomach or Cancer.

This, no doubt, is a serious mis-
take. Your real trouble is, what you
eat does not digest; instead, it fer-
ments and sours, turns to acid, Gas
and Stomach poison, which putrefy
in the digestive tract and intestines
and besides, poison the breath with

A hearty appetite, with thorough
digestion, and without the slightest
discomfort or misery of the Stomach
is waiting for you as soon as you
decide to try Pape's Diapiesin.

"A GIRL OF THE MOUNTAINS"

Equipped with a new version, new scenery, new electrical effects, new and clever artists, O. E. Wee's society drama, "A Girl of the Mountains" comes to the Winchester Theatre on Thursday, January 11. It doesn't take much power of deduction to figure out that if it costs several thousands of dollars to produce an ordinary comedy, it must cost a small fortune to launch a society drama like "A Girl of the Mountains." Its all extraordinary scenery, electrical effects, costumes and cast.

It is the object of the press of the country to tell the theatre-going

public what is good and bad in the theatrical world. Read the splendid economies which have been written about this great society drama. Its all true, every word of it. "A Girl of the Mountains" is a clever story of love and adventure and the stage settings are laid partly in New York City and partly in the heart of the Siskiyou Mountains. A very good cast has been engaged, headed by that dainty actress Miss Lillian Fisher and a host of other well-known artists.

I can cheerfully recommend them to all sufferers for kidney and bladder trouble." Foley Kidney Pills will cure any case of kidney or bladder trouble beyond the reach of medicine. No medicine can do more.

Charles Duham, Lovington, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear through the floor. I tried several kinds of kidney medicine and I was in the drug store looking for something different to help him when I heard of Foley's Kidney Pills. After he had taken them two days we could see a change and when he had taken two-thirds of a bottle he was cured. That is about six weeks ago and he has not wet in bed since."

Signing With a Cross.
Persons who cannot write their names are required to use as a substitute the sign of the cross (X). Anciently kings and nobles used the same sign, but not ignorantly. It was used by those who could not write as well as by those who could not pledge themselves by his Christian faith to the truth of the matter to which he affixed the cross. Hence, although people now write or subscribe their names, they are still said to sign.

Tempting Offer.

The train had gone a considerable distance before he was noticed.

One week of this session of the Legislature is sufficient to see that

the influence of the Prison Commission is now constituted, is a thing of history. At the last session of the Legislature the influence was all-powerful. At this session the Prison Commission was defeated in the first round, and its dissolution is regarded only as a matter of a few weeks. During the last session the Prison Commission was endorsed not only by the Democrats, but by the Republicans also, and at this session the commission has neither influence with the majority of the Democrats nor with the Republicans.
